Full Stack Developer | Scalable Web Applications & E-Commerce

EXPERTISE:

REACT.JS | REDUX | TAILWIND CSS
| NODE.JS | EXPRESS |
POSTGRES SQL | API DEVELOPMENT
| CLOUD DEPLOYMENT

PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with a strong frontend focus and expertise in building **scalable, high-performance web applications**. Specializing in **e-commerce, authentication systems, and API integrations**, I develop **secure, responsive, and optimized solutions** that enhance user experience and business growth. Proficient in **modern JavaScript frameworks**, backend development, and cloud deployment, I thrive in **agile, collaborative environments**. Advanced English proficiency, ensuring seamless communication in global teams.

Languages

English	C1
Spanish	NATIVE
French	B1

Additional Information

- ✓ **Active open-source contributor** | Engaged in web development communities
- ✓ **Continuous learner** | Passionate about staying ahead in web technologies
- ✓ **Remote & Hybrid Work Experience** | Efficient in distributed team environments

Portfolio & Certifications:
[portfolio](#)

Core Competencies

Frontend Development & UI/UX

- ✓ **Modern JavaScript & React.js Development** | Redux | Context API | Component-Based Architecture
- ✓ **Responsive & Mobile-First Design** | Tailwind CSS | Figma | Cross-Browser Compatibility
- ✓ **Performance Optimization** | Lazy Loading | Code Splitting | Caching Strategies
- ✓ **Dynamic & Interactive Interfaces** | Custom Hooks | State Management | Client-Side Routing
- ✓ **Accessibility (a11y) & SEO Optimization** | ARIA Best Practices | Metadata Structuring

Backend Development & API Engineering

- ✓ **Node.js & Express.js Development** | RESTful API Design | Middleware Implementation
- ✓ **Database Design & Management** | PostgreSQL | MySQL | Sequelize ORM | Relational Data Modeling
- ✓ **Authentication & Authorization** | JWT | OAuth | Role-Based Access Control (RBAC)
- ✓ **Third-Party API Integration** | Payment Gateways (MercadoPago, Stripe) | Cloudinary for Media Storage
- ✓ **Microservices & Scalable Architecture** | Modular Code Structure | API Rate Limiting

DevOps, Cloud Deployment & Version Control

- ✓ **Git & GitHub Workflow** | Branching Strategies | Code Review | CI/CD Pipelines
- ✓ **Cloud Hosting & Deployment** | Railway | Vercel | Netlify | Serverless Functions
- ✓ **Containerization & Automation** | Docker (Basic) | Deployment Scripting
- ✓ **Error Handling & Debugging** | Logging Strategies | Performance Monitoring

E-Commerce & Business-Oriented Development

- ✓ **Product Catalog & Inventory Management** | Admin Dashboards | CRUD Operations
- ✓ **Secure Payment Processing** | Checkout Systems | Order & Transaction Management
- ✓ **User Authentication & Session Management** | Secure Login | Account Recovery
- ✓ **Data Analytics & Business Insights** | User Behavior Tracking | Engagement Metrics
- ✓ **Multi-Role User Systems** | Customer, Admin, Vendor Dashboards

Agile Development & Team Collaboration

- ✓ **Scrum & Agile Best Practices** | JIRA | Standups | Sprint Planning
- ✓ **Remote Collaboration & Teamwork** | GitHub PR Reviews | Slack | Documentation Best Practices
- ✓ **Continuous Learning & Open Source Contributions** | Up-to-date with Latest Web Trends
